

We know that access to resources not only improves quality of life for those with cancer, it helps them thrive.

Wherever you are on your cancer journey, the ThriveNV community is right beside you every step of the way.

REDEFINING CANCER SUPPORT IN NEVADA

Patient Navigation

ThriveNV patient navigators work with clients to overcome barriers and understand a complicated medical system.

Peer Connections

Survivors and caregivers can enjoy 1-on-1 relationships with someone who has been there before.

Caregiver Support

Whether a spouse, friend, or family member, we help caregivers take better care of themselves.

Resources

Online tools for cancer related support & services across the state.

We Thrive Together

Our community is passionate and experienced in working with cancer patients, their families, and support team.

We work with clients across Nevada who do not otherwise have access to navigation services.

Survivors & Newly Diagnosed

“As a two-time cancer survivor I cannot stress the importance of having a patient navigator. They will help you connect to resources, understand your treatment, connect to a peer, and help you navigate your care.” - Brigette S.

Caregiver Support

“As a caregiver, I found it so important to have a navigator help me connect with all the different services my daughter needed. There are so many things you don’t think about. Now I have the tools and knowledge to help her.” - Dawn C.
